

**K-40**  
**REFRIGERANT**  
**HYDROCARBON BLEND REFRIGERANT**

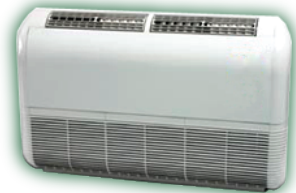

# K-40 REFRIGERANT

## The Premium Hydrocarbon Refrigerant

### Environmentally friendly Hydrocarbon Refrigerant

Designed to replace ozone-depleting, global-warming refrigerants, K-40 Refrigerant Products are made of natural, organic compounds – making them:

- Highly efficient
- Non-corrosive
- Non-global warming
- Non-ozone depleting
- Non-toxic
- Safe to use

- Drop-in Replacement for R22
- Alternative to R22
- Non ozone depleting substance
- Compatible with Mineral oils, POE
- Higher efficiencies
- Accelerated temperature pull-down
- No cylinder rental or deposit
- Available with or without UV dye
- Colder vent temperatures
- Lower pressures reducing heat & load on compressor
